

Lara was our daughter's nanny. She had been looking after Elena since the baby was around one year old, from 2011 until 2014.

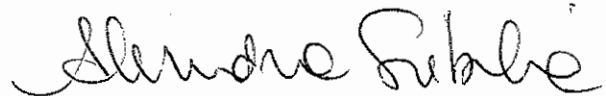

She was encharged of all the baby's needs: feeding, hygiene caring, sleeping, open air activities and playing.

Lara is very competent and keen on childhood, she is patient and sweet but as well knows how to keep the authority.

We were very happy with her cooperation; Elena felt good with her nanny and for us was a total relief, as we knew Lara was a really trustworthy person.

Without hesitation we recommend her to other families.
